CASUAL SHOES WITH RUBBER SOLE
In 1993 Andrés Ferreras and Lola Hermoso had a dream: to make men 7 cm tall without being noticed through a shoe. Heirs of the quality standards of the Italian high shoestore, they have included this form of work for the second generation, who maintain the tradition of manufacturing handcrafted shoes, with first quality raw materials that exceed the most rigorous quality controls of the Italian industry footwear. Masaltos.com was the first shoe company to be taller with a website on the internet. Thanks to you, today we are the leading brand of footwear with increases worldwide.

Goodyear Welt

It is the international name of the best footwear in the market.

It is a guarantee of craftsmanship because it is a product that can only be manufactured by hand and in which superior quality raw materials are used.

Its peculiar elaboration system makes the footwear more rigid when it is new. However, after about 15 days of use, the sole adaptation and the morphology of the foot is total. Comfort and durability are guaranteed.

Dear Mr. Fawcett,

26th June, 2019

Buckingham Palace

I have been asked to write and thank you for your support for The Queen and all Members of The Royal Family.

I am very much for your continuing support for The Queen and all Members of The Royal Family.

Her Majesty wishes to contribute to the celebration of Her Majesty’s 95th birthday. Although unable to reply to you personally, owing to the large number of letters received each day, I am able to make a public reply.

Yours sincerely,

[Signature]

Deputy Correspondence Coordinator
Miss Jennifer WVO
